WOW!

It's begging
for you
to visit!

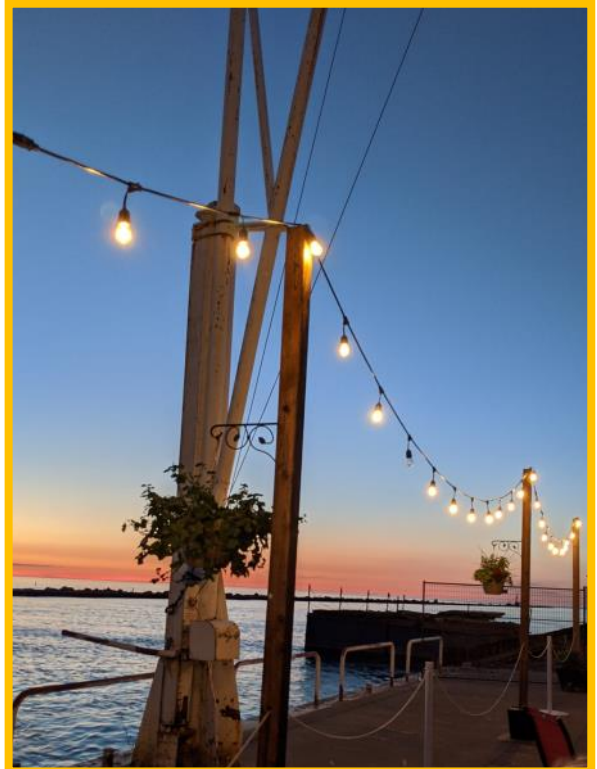

Vision Statement: The Dalhousie Yacht Club is a friendly, safe and affordable boating community dedicated, to learning, respect for all, and enjoyment in all aspects of the sport of boating.

Loving the Changes!

And the view ...
never gets old!

Commodore's Report . . .

by Richard Nowina

commodore@dalhousieyachtclub.com

The months are speeding by and September will be upon us all too soon. Meanwhile we are all surrounded by conflicting news on Covid-19. On one hand, Niagara is now in Phase III – which means more access to services and, on the other hand, rates of infection are rising. Second wave? or will we need to reverse course? Who knows?

Maximum caution is the watch word, masks are becoming de rigueur and a fashion statement and are a key defence against being infected. From what we've all read, avoiding the risk of infection must be a top priority for each of us. Remind yourself and others. Do not relax your guard. Stay safe.

As mentioned in my recent member update, the due date for membership fees has changed to January 31 st . For full boating members, there will be an opportunity to add the dock deposit to the payment.

DYC's fiscal year-end is August 31, 2020. In September and October, we'll be preparing for the Annual Year-End report to members. In normal times DYC holds its AGM in late October, this year the AGM will most likely be a virtual meeting. I suspect this will be a first-time experience. However, the Board has been meeting virtually every month so we have some experience albeit on a smaller scale. We'll keep everyone posted.

The Board of Directors has the responsibility and authority to set membership and auxiliary fees for the upcoming year. Please remember that last year, the Board made the decision to hold fees at 2019 levels. This was to somewhat offset members' inconveniences due to pier reconstruction, and condo construction.

This year, to ensure that DYC continues to be strong, maintains its infrastructure and its reserve funds, the Board made the decision to increase membership and storage fees by 2.5%. These changes are effective September 1, 2020. This equates to a 1.25% per year average increase over the past 2 years.

Restaurant minimums have been a continuing administrative challenge for both the Club and the restaurant. Edward and Emily believe, and we agree, that members will continue to support the restaurant with or without minimums. To that end, we are pleased to advise that the restaurant minimums policy is being suspended for a one-year trial period beginning September 1, 2020. This decision will be re-evaluated prior to August 2021, and may be reversed if members have not adequately patronized the restaurant. The restaurant is an integral part of the success of DYC and the Board is looking forward to your continued support.

If you look at what DYC has achieved this year despite high water, Covid-19, and the pier reconstruction, I think you'll feel as I do, that DYC is a dynamic and forward-looking club. For those of you able to get away cruising or otherwise – Safe Travels

Cheers,

Richard

Message from the Office . . .

Since the LTS programme has been cancelled this year, our Summer LTS Staff have all been hard at work on giving our clubhouse grounds a much needed lift. A big shoutout to the Summer Students, Avery, Max and Jerry!

This photo is Avery, one of our Summer students, and Erin Sharpe, a volunteer with the LTS Committee. Here they are working on the Sunset Patio Stanchions... sanding, rust proof painting and two final coats of white paint. I think we can all agree.... the results are fantastic!

Please remember that the office/ clubhouse is closed due to COVID - 19. Washrooms are available in the Harbour Office.

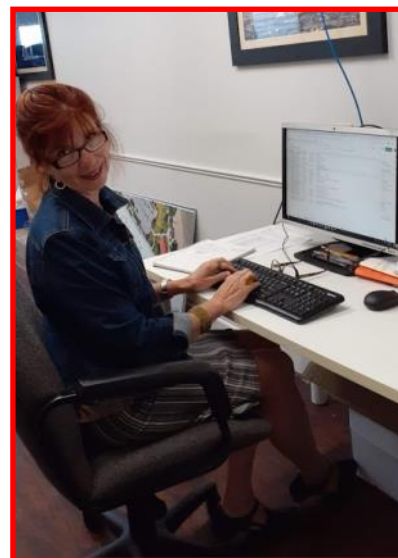

If you have any questions or concerns, please do not hesitate to contact me in the office by phone,

Tuesday to Saturday 9am to 4 pm or by email anytime.

office@dalhousieyachtclub.com

905 - 934 - 8325 Office Extension #21

Patti

Show the Pride of DYC ~ Get Your Burgee On

Is your burgee looking
a little tattered and tired?

Contact Patti in the office for a burgee exchange.

Your old one for a new one. Limited # available. One per boat.

All New Boating Members will receive a burgee as part of their

WELCOME to DYC Package.

Harbour Office Report . . .

by Dave Bellhouse

Hello members,

I am pleased to advise that DYC has now passed all the necessary requirements to become a certified **ValvTect Marine Fuel Dealer**. To most of us this may not mean much because ValvTect has only recently become available in Canada. In the U.S., however, this special blend fuel is quite well known by most boaters who will regularly seek out the product whenever available.

Largely, this change is being brought about because regular gasoline is no longer available in this area without having an ethanol blend. In addition, our competition has already made the change to ValvTect.

I'm sure most of us are aware of the damaging effects ethanol can cause to marine gas engines. ValvTect is specially formulated to prevent problems like phase separation, fuel stability and carbon deposit build up.

ValvTect has a separate program for diesel fuels. In this case the treatment is designed to deal with the problems associated with today's low sulfur diesel like lubricity and water disbursement and most importantly, contains a biocide which will treat the nasty stuff which can grow in diesel fuel. In addition, our tanks are required to be tested at least annually to ensure they are clean and free of anything that would adversely affect our motors.

Please take a moment to check out [ValvTect's website](#). There you can learn more about this product and the benefits associated with its use. We have little choice but to stay competitive and to help our fellow boaters to a more problem free boating experience. Of course, this added protection does not come without some cost. Fortunately, it only adds about a penny per litre and remember, our member discount of 10% keeps our prices considerably lower than our competition. *Dave*

Safety Officer's Report . . . Safety is Personal

by Larry Richardson

safety.officer@dalhousieyachtclub.com

A recent incident while fueling a powerboat at Bridgeport Marina in Orillia in which a serious and potentially disastrous fire broke out made it onto the Boating Industry Canada website [http://boatingindustry.ca/featured-articles/8142-explosion-and-boat-fire-at-the-dock-what-would-you-do?utm_source=newsletter&utm_medium=email&utm_content=4831422&utm_campaign=-EXPLOSION AND BOAT FIRE AT THE DOCK – WHAT WOULD YOU DO?](http://boatingindustry.ca/featured-articles/8142-explosion-and-boat-fire-at-the-dock-what-would-you-do?utm_source=newsletter&utm_medium=email&utm_content=4831422&utm_campaign=-EXPLOSION%20AND%20BOAT%20FIRE%20AT%20THE%20DOCK%20-%20WHAT%20WOULD%20YOU%20DO?) caught my attention (actually I was pointed to it by a safety-conscious DYC member).

It caused me to go over what I would do if such a thing as described happened while I was near the fueling dock. Well, that was interesting but irrelevant, since I am seldom there. So I thought about what would those there - such as our summer employees and office staff – do in such a case. And what resources are available for them? And how long would it take first 911 responders to get there?

Well, when the fire extinguishers are exhausted (one to two minutes), our people would have to withdraw to safety after maybe, if it made sense, sending the boat off into the channel. The first responders? Ten to fifteen minutes from Linwell Road, I'd guess. A lot can happen in ten minutes. A lot.

So. Prevention is the first step.

How many working fire extinguishers do you have on your boat? At least two I hope. How close to the most likely fire start-point are they? Not so close you can't get at them in an emergency situation, I hope. And does everyone on-board know where they are and how to use them?

Well. Compliance with DYC directions for refueling aids in prevention. They are posted on the outside walls of the Harbour Office for all to see, read and digest. Here they are (edited by me):

- Moor the boat securely to prevent spills, (your job)
- Shut off all engines, (your job)
- Extinguish all open flames, (your job)
- No smoking, (your job)
- Turn off all electrical switches, radios, and power sources on board, (your job)
- Close up ports, and hatches, (your job)
- Remove portable tanks from the vessel before refueling, (your job)
- All persons get off boat except fuel attendant, (your job)
- Prevent fuel spills into the boat's hull and the water. To this end, know tank capacity and do not overfill, (Staff job to enquire and act accordingly)

Safety Officer's Report Cont'd

Ground the nozzle against the filler pipe, (Staff job)

Wipe up spills and dispose of the used cloth or towel in an approved container, (Staff job)

Run the engine compartment blower for at least four minutes immediately before starting the gasoline engine, (your job)

Check for fuel vapours from the engine compartment before starting the engine, (your job)

Staff may (will) remind you to do some of these essential actions if missed. Take it as helpful advice. In the end it is your job to do it. Point made?

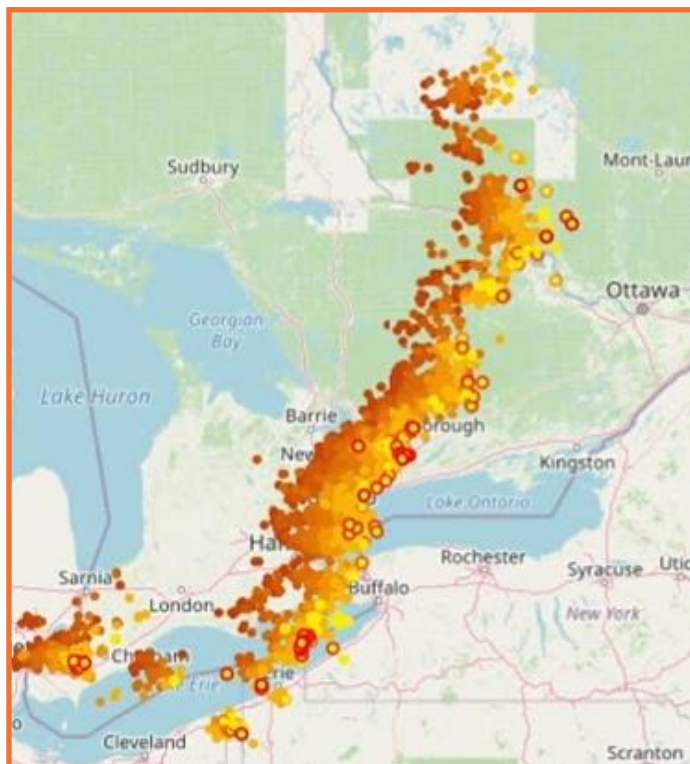

Here again, in case you missed it in the June and July Breezes are the links to the King City weather radar site for real-time weather radar info for our area –

https://weather.gc.ca/radar/index_e.html?id=WKR

and, for real-time lightning activity for Ontario, the Canadian Lightning Danger Map can be accessed at https://weather.gc.ca/lightning/index_e.html?id=ONT

Both show the current and previous hour's rain and lightning activity on a detailed map of our area (and more if desired). If you press play they scroll through the last hour, which can give you a feel for the direction storms are moving.

Larry

Very Local History Matters . . .

by Dan Sundy

history@dalhousieyachtclub.com

Pictures from St. Catharines Museum

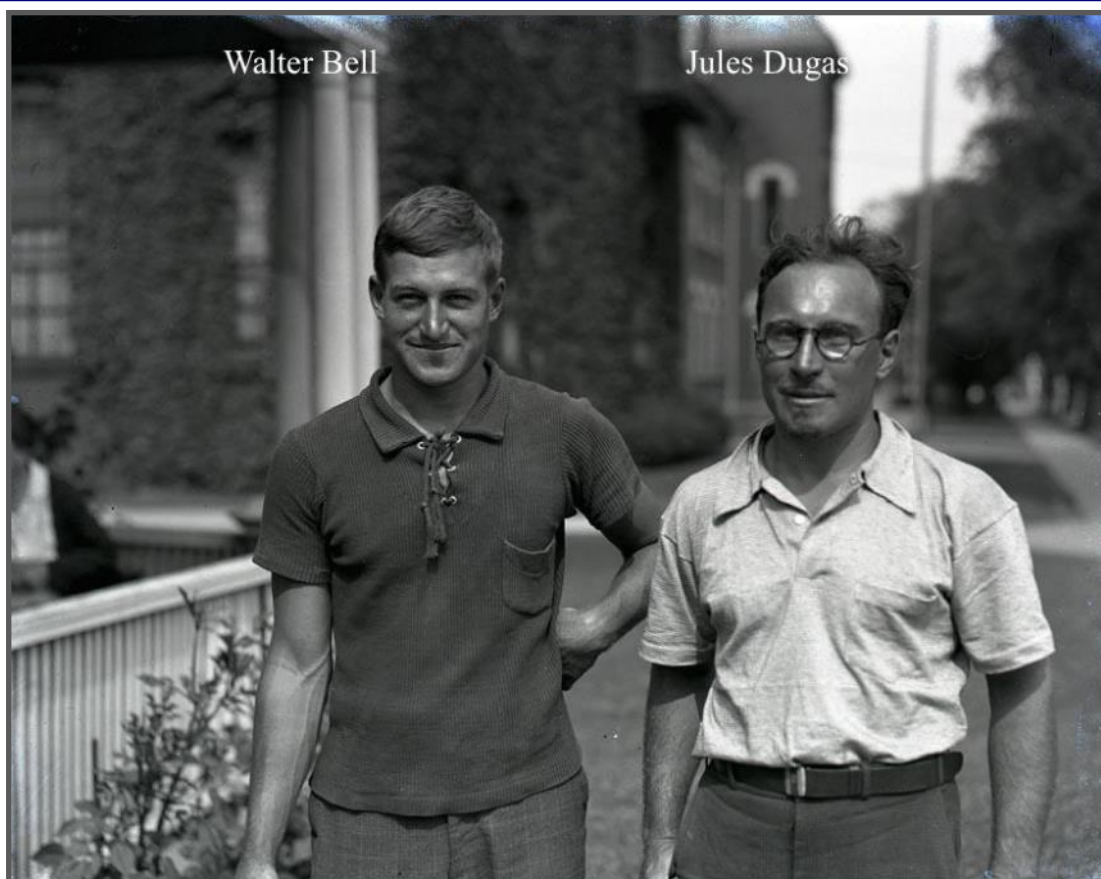

THE ST. CATHARINES STANDARD *Addressed Rotarians*

Walter Bell and Jules Dugas, St. Catharines men who yesterday told the Rotary Club of their experiences in a year's cruise from Port Dalhousie to the South Seas. The two were away exactly one year in their 20 foot yacht, constructed in Bell's backyard, and had many interesting experiences, including near tragedy in sudden squalls. The pair were introduced by Tom Welsh, who met them in Miami. At the meeting five new members were introduced: Wm. Kerr, Wm. Walkins, Alex McPhall, Ted Walker and Tom Cook. Lance Dunn presented the guests, who received a welcome from past president Arch Mix. President E. F. Palmer occupied the chair.

1936-09-18-03-1

Walter Bell

Jules Dugas

S1936.9.2.1

Jules Dugas was a long time member at DYC. He is mentioned as participating in the meetings to form the club in December 1936.

Walter Bell was probably an early member as his boat is shown in the Standard's coverage of the opening of DYC in 1937.

There are no, club produced, records from 1937 to 1945.

Information of this era comes from personal diaries or newspaper coverage. In 1945 meeting minutes were instituted as it was a requirement of the incorporation process. The earliest roster in our archives is from 1966.

(With all this Covid 19 time on your hands, clean out your basements and look for DYC material.)

Dan

Come join the fun!

Congratulations to our South Shore District Chapman New Racer Award Winners

Chris Turner + Claire Camden

2nd Place Overall ~ South Shore District includes 5 Yacht Clubs on the South Shore of Lake Ontario

DYC, Niagara On the Lake Sailing Club, Olcott Yacht Club, Wilson Harbour Yacht Club, Youngstown Yacht Club

The PHRF-LO New Racer Award is open to PHRF-LO certificate holders that have three seasons or less experience racing as a skipper and has to meet a set of guidelines.

Claire + Chris on Didgeridoo

This award is for novice racing sailors to encourage them to race in as many races as they choose and continue their involvement in competitive sailing.

Named for Brian Chapman, a long time Technical Adviser to the Central Council of PHRF-LO. His advice was integral in efforts to create and maintain fairness and encourage racing across PHRF-LO waters.

District	Boat	Owner	Club
1st	Great White 2	Thomas Knudsen	Harbour Sailing Club
2nd	Silverback	Alyssa Breyer	SINCOA HARTING/Endeavour Grande Bayview
3rd	Pana Sea	Gerard O'Brien	CRS Treston Yacht Club
1st	Mahalo	Eric Ickes	Burlington Sailing & Boating Club
2nd	Slippery When Wet	Matt Shendas	Royal Hamilton Yacht Club
3rd	Artful Dodger	Mike Bellario	Royal Hamilton Yacht Club
1st	Tack Season	Robert Mays	Sodus Bay Yacht Club

2nd	Puffin	Chrissy Thompson	National Yacht Club

Message From Our Yard Director . . . by Alan Crozier

It has been brought to my attention that some of the gates have been left unlocked over night occasionally.

As it can be difficult to tell whether you are in fact the last person leaving the yard or docks, we would like to change our procedure.

If you are exiting any of the yards or dock areas after dusk please lock the gate behind you. Anyone still on the grounds should have their own key or code to let themselves in and out after this time. Thank you for your cooperation in keeping all of our members and our boats safe.

Regards, *Alan*

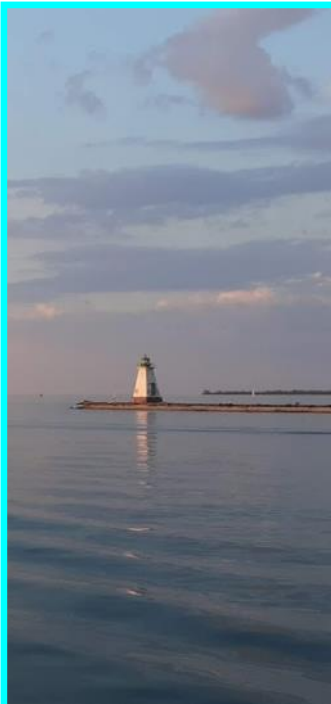

Thank you to [Jeff Mackie](#) for making & donating signs for the new west wall gates!
Our members really are the best!

**Our yacht club welcomes all boats,
Even the little ones!**

Around the Club . . .

Gardening Around DYC

Please feel free to water the gardens, flower pots, hanging pots, and baskets around the club if you are feeling the urge and the flowers are looking wilted and weary.

This heat gets to everyone and everything Just like us, they'd love a drink, if you have the time.

Reducing the risk of spread

**MY MASK PROTECTS YOU, and
YOUR MASK PROTECTS ME.**

From the Editor's Desk . . .

breeze@dalhousieyachtclub.com

REMEMBER 6' APART OR MASK UP.

COVID is still out there.

KEEP DYC HEALTHY!

We are in this together.

Any suggestions, ideas, errors, omissions or pictures to share with The BREEZE?

Send them along!

Patti-jo

Many thanks goes out to those of you who have sent in or posted pictures.

It is wonderful to have your additions in The Breeze.

Karen, Marion + her friend, Patti F., Len, Dave B., Val, Claire, Tracey, Richard and Nancy.

Sunset Dining Room

at The Dalhousie Yacht Club

905-934-8325 Ext.22

restaurant@dalhousieyachtclub.com

For over 50 years, Dalhousie Yacht Club's Sunset Dining Room + Lounge has welcomed members and guests in a comfortable and nautical atmosphere in our dining room, lounge and our dockside patio.

We focus on eating well with fresh, in season, often local, interesting foods. Regular menus are always complimented by our weekly specials. Food allergies, special diets, children's meals can all be accommodated. The list of decadent desserts changes regularly.

Does your organization need a special private place for a lunch or function? Our facilities are available for special events, monthly meetings, family gatherings, weddings, showers, stag and parties. Group size and packages can be arranged. Reserved seating and easy parking. Audio/Video equipment is available for presentations.

Our Lake Ontario sunsets are spectacular!

WE ARE NOW OPEN!

LOOKING FORWARD TO SEEING YOU!

Please contact Edward or Emily

reservations@dalhousieyachtclub.com

Come Join Us On the Sunset Dining Dockside Patio!

Thursdays 5 -9

Fridays 5 -10

Saturdays 5 -10

Sundays 2 -7

We have extended our patio, added additional tables, chairs and umbrellas and a few other surprises.

With opening at this time, comes greater responsibility to keep our staff, members and guests safe while implementing new procedures. We are asking all guests and members to be aware of the following:

Patio Service

Reservations will be required and confirmed by staff members;

During peak dining hours, we reserve the right to limit dining to 90 minutes;

Check in at the hostess stand no more than 5 minutes prior to your reservation time;

Debit, Credit Cards and Cash will be accepted;

If at all possible, bills will not be split and only one person per table handles the payment;

Inclement weather (rain, extreme heat) will not change the protocols. We are not able to move service indoors. If the weather is not cooperating during your visit, we will provide you with take out containers to enjoy the rest of your meal at home;

All customers must be seated, service to standing customers is prohibited;

Tables and chairs are 2-metres apart from other dining parties;

Hand sanitizer will be available at the entrance and exit of patio.

Dock Side Dining

Menus will be available by email or Facebook;

Tie your boat up to the indicated location by the clubhouse;

Serving staff will bring you menus and serve you dock side;

Boats are permitted to tie up for 90 minutes while dining.

Take Out

Menus will be available by email or Facebook;_Contact us at 905-934-8325 Ext. 22 to order;

When arriving for pick up please pull into the specified parking space;

Call the restaurant to let us know you are outside and waiting for your order.

Please understand this is a learning process; as we navigate our way through these uncharted waters.

Edward + Emily
