**FRIDAYS 5 - 10 PM**

**SATURDAYS 5 - 10 PM**

**SUNDAYS 2 - 7 PM**

## It's That Time of Year Again, Call for Nominations

Nominations for Board Positions will open in September 2020. Essentially all positions are open for new nominations. Please see the following page for an overview of each director's role.

New members are welcome and are encouraged to participate in running the club. Everyone who has previously served on the board or a committee of the board has gained insights and an appreciation for the complexity beneath the surface. And best of all, members who serve in some capacity gain lifelong friendships.

Also members willing to assist directors in performance of their responsibilities may offer to serve on a committee. This is a great way to begin to appreciate and understand club operations and issues. Many of our older and long serving volunteers would welcome additional support.

Please contact me, Lew or Peter for additional information. *Richard*

## Call to Nominations ~ DYC Board Positions

Commodore	Chair board meetings, participate in all committees & represents the club with external groups.
Vice Commodore	Works with House & Yard directors to ensure maintenance & renewal of physical assets works with Membership, Entertainment & Food/ Beverage Directors.
Rear Commodore	Works with Directors, Fleet, LTS, Yard, & Docks, to oversee yard, dock & fleet conditions, to ensure machinery is regularly serviced & can be safely operated Liaises with St Catharines Parks & Recreation Consults on Cruising, Racing & issues of interest to Power boat members
Secretary	Records Board mtgs, signs formal documents, has custody of club records

Director, Docks	Monitor and attend to maintenance & renewal of docks & supporting services, electrical, water Review & Publish annually Dock assignments, Re-allocate docks throughout the season as may be required. Maintain a current dock assessment diagram in the clubhouse, website and harbour office
Director, Fleet	maintains list of club owned vessels, maintenance & condition. Ensures readiness for use. manage & direct sail-past manage Officer of the day program

## Commodore's Report . . .

by Richard Nowina

[commodore@dalhousieyachtclub.com](mailto:commodore@dalhousieyachtclub.com)

"Muchos pocos hacen un mucho," I came across this Spanish expression in a book about a global, solo, nonstop sailing trip around the three south capes. The author, translated it as "A lot of little things make something big". To me, The Spanish seems better.

I googled the expression and found many different versions, 100's in fact, the origin appears to be an African expression. 2 examples;

Yogi Berra "Doing the little things..."

Small Actions = Big Changes

It struck me that this expression captures DYC's energy & pathway in 2020. Any plans we had went out the window as Covid 19 struck and quickly shut down all normalcy. Would DYC survive? What do we do? What can members do and not do? What's the club liability if strong plans and member communications are not developed, implemented and supported by members?

That it's been a spectacularly different year is no surprise to anyone, however I wonder how many members contemplate what DYC has achieved in the past 8 months.

Flooding risk: bought & installed Aqua Dams, obtained special permissions under Covid-19 Emergency Maintenance provisions

Boat Maintenance & Launch, sought and received special permission for members to enter yards.

Clubhouse roof renewal, completed under Emergency Maintenance provisions.

DYC fleet repairs & LTS boats repaired. Extra staffing allowed extra maintenance.

Seawall painting, rooftop railings painted, anchor repainted, waste bins and A yard cleaned up, and a "Returnables" system setup to raise LTS funds.

West side washrooms, cleanup, repair, and repainting, in progress.

DYC was one of the leaders on Lake Ontario, in launching, opening up to visitors, and resuming as many activities as possible.

DYC burgees have been on display all around the North Shore and up to the Thousand Islands.

And we've enjoyed a steady influx of new member interest and applications. DYC is ready for 2021. Doesn't all this make you proud to be a member!

The club owes a debt of gratitude to the many members who supported and contributed to the improvements. Another expression, "Many hands, makes light work", please think about your contribution.

Cheers,

Richard

## Some Wonderful Changes on the West Side

A New Set of Stairs, Washroom Updates and Yard Clean Up

Thank You Members and Summer Students

**Thank you, thank you, thank you . . .**

Brad and Roscoe, for the much needed stair over haul.

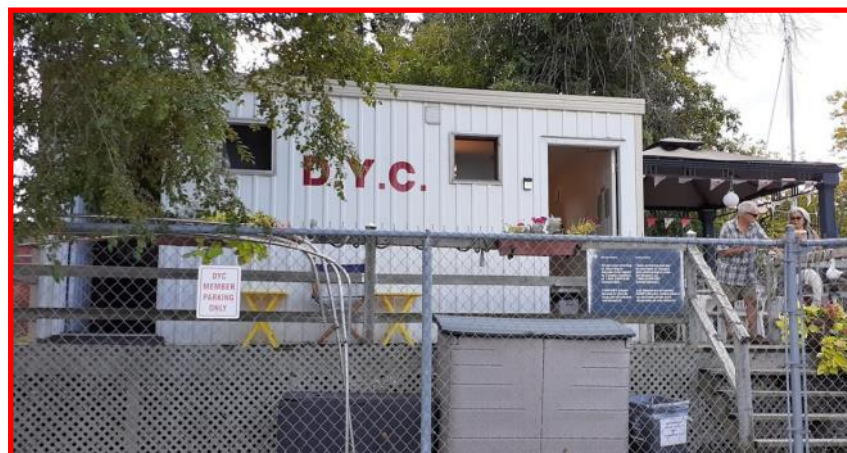

Doug, Jill, Taysha, and Dave for the deep cleaning, dry walling and painting the west side washrooms.

And . . .  
Kareem  
And  
Max  
for cleaning up  
around the  
west side  
building.

### Tuesday Night 'Round The Marks Fun Race

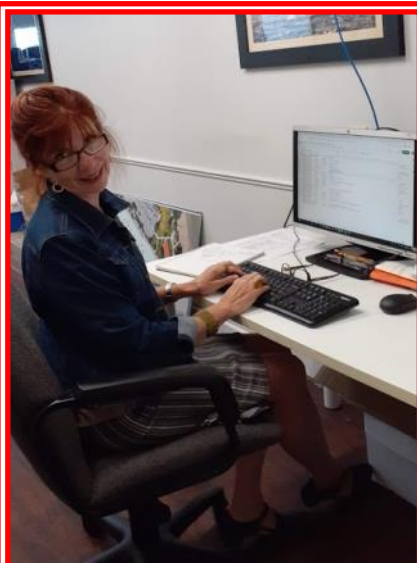

North Caught, Alexander Pickwick, LaVoie Lac T, Hip Hip, Chimo, Didgeridoo, Windstar

Missing: Catch The Wind

### REMINDER:

Tuesday Night Fun Races will begin at 6 p.m. in September due to decreasing daylight.

## Message from the Office . .

Although the Clubhouse remains CLOSED due to COVID-19, the Office work continues and keeps me very busy throughout the summer season. Lots of phone call inquires and emails, plus set up of new members accounts take a lot of time during the height of a busy-ness in our season. A warm welcome to many new members. Keep talking about membership at DYC everyone! Good job!

I also have the pleasure of working with Dave and the Harbour Office Staff on day-to day operations, as well as visitors. We have had some great feedback on our

hardworking, helpful and friendly summer staff. Well done Kailyn + Cameron! The Harbour Office also welcomes new staff member, Kareem Stehouwer to the team. Our team of three Summer Students; Avery, Jerry and Max, have done a great job getting our trash, recycling area and A Yard cleaned up. Now it's up to us to maintain the cleaned up space. The students, along with the LTS Committee, have also put the Returnable Program in place. A big thank you to all who contribute to the cause. Cheers!

The club is going to be very, very quiet once our students have all returned back to school . . . whatever that looks like. We wish them well and hope to see them return next summer. Thank you for your many contributions around the club, you have definitely made a visible difference!

They are in! We have 24 black masks printed with DYC burgee ordered. They are the same as the restaurant staff's masks. They have arrived and are ready to be sold. \$15 HST included, cash sales only. Contact me to arrange front-door pick up.

Hope you all enjoy the rest of our beautiful warm weather. All too soon, we will be wishing for it to come back.

Reminder, if you do need to get in touch with me, email is usually best.

If you have any questions or concerns, please do not hesitate to contact me in the office by phone. Tuesday to Saturday 9am to 4 pm or by email anytime.

905 - 934 - 8325 Office Extension #21

*Patti*

[office@dalhousieyachtclub.com](mailto:office@dalhousieyachtclub.com)

## Harbour Office Report . . .

by Dave Bellhouse

[harbour.office@dalhousieyachtclub.com](mailto:harbour.office@dalhousieyachtclub.com)

Harbour Office hours will remain as they have this season.

Open at 10:00 every day. Closing at 4:00 P.M. Monday Tuesday and Thursday.  
Wednesday, Friday, Saturday and Sunday, open until 6:00 P.M.

After Labour Day, Monday, September 7th ~ the Harbour office will be staffed only on Saturday and Sunday from 10:00 to 6:00. During the week, Fueling and Pump outs can be arranged by calling me at 905-988-3089 between 09:00 and 5:00P.M. The phone information and hours will be posted on the fuel pump and Harbour Office door.

Also, I recently contacted our ValvTect representative to inquire about off season fuel storage for our boats. I was pleased to learn that if the boat's fuel tank contains 100% ValvTect, then no additional fuel additive is needed to keep either gas or diesel over the winter season. ValvTect gasoline stabilizes for one year or more, while ValvTect for diesel remains stable for 2 years or more.

Dave

Harbour Office

### FUEL DOCK HOURS until Labour Day,

Monday, September 7th

MONDAY 10 - 4

TUESDAY 10 - 4

WEDNESDAY 10 - 6

THURSDAY 10 - 6

FRIDAY 10 - 6

SATURDAY 10 - 6

SUNDAY 10 - 6

### FUEL DOCK HOURS after Labour Day

Monday, September 7th

The Harbour Office will only be staffed on

SATURDAY 10 - 6

SUNDAY 10 - 6

During the week, Fueling and Pump Outs can be arranged by calling 905-988-3089

Between 9 a.m. - 5 p.m.

This info will also be posted on the fuel pump  
and Harbour Office door.

## Safety Officer's Report . . . Safety is Personal

by Larry Richardson

[safety.officer@dalhousieyachtclub.com](mailto:safety.officer@dalhousieyachtclub.com)

It was suddenly a dark and stormy night. Thunder crashed all around. Lightning strikes on the water were so close there was no sound delay - just a massive flash and bang. Winds were at dangerous levels – 35 knots (for a CS-30) and 65 knots (for an Alberg 30) pushing the lake waves to three meter (12 feet) height as the storm front (visible at [https://weather.gc.ca/radar/index\\_e.html?id=WKR](https://weather.gc.ca/radar/index_e.html?id=WKR)) passed through. The crew (all family), were all sick and Mom, dangling from the cabin roof-mounted hand rails and walking precariously on the cabin walls was struggling forward to the head to get the Graval (generic brands are available and effective too) and several glasses of water. Fortunately everyone was wearing their PFDs and rain gear.

Suddenly, the port-side mast stays, weakened by years of neglect tore from the chain plates, the mast falling over the side. Not gone, it and the sails were being pulled along by the remaining stays; something that was in fact beneficial as it acted as a sea anchor, slowing the boat. Eh? Maybe.

The skipper decided it was time to call into the Coast Guard and get some help, but the radio audio was just static noise competing with the noise of wind and waves.

Oops. The mast-mounted radio antenna was gone. The spare was somewhere down below. And where was that connector he would need to join it to the radio antenna cable anyway?

Ok. Enough drama.

Does your radio work? Have you tested it lately by listening and transmitting (to your boat neighbors if no one else is available)? Well, you should. Do you monitor Channel 16 continuously as required? Well, you should. By the way, just because you can hear others on your radio does not mean that you can transmit successfully. For a beer, I will endlessly lecture you why this is so. It has to do with Z. (Keith's, please)

The Canadian Coast Guard website says re Distress Communications in Radiotelephony - "In the interest of ensuring the highest level of safety, mariners should immediately notify the Canadian Coast Guard, through any Marine Communications Traffic Services Centre of any situation which is or may be developing into a more serious situation requiring assistance from the Search and Rescue (SAR) System. The need for the earliest possible alerting of SAR Authorities to potential maritime emergencies cannot be over-emphasized." This includes informing them of your location and situation before things get serious. They don't mind your call. They appreciate it, in fact.

## Safety Officer's Report Cont'd . . . .

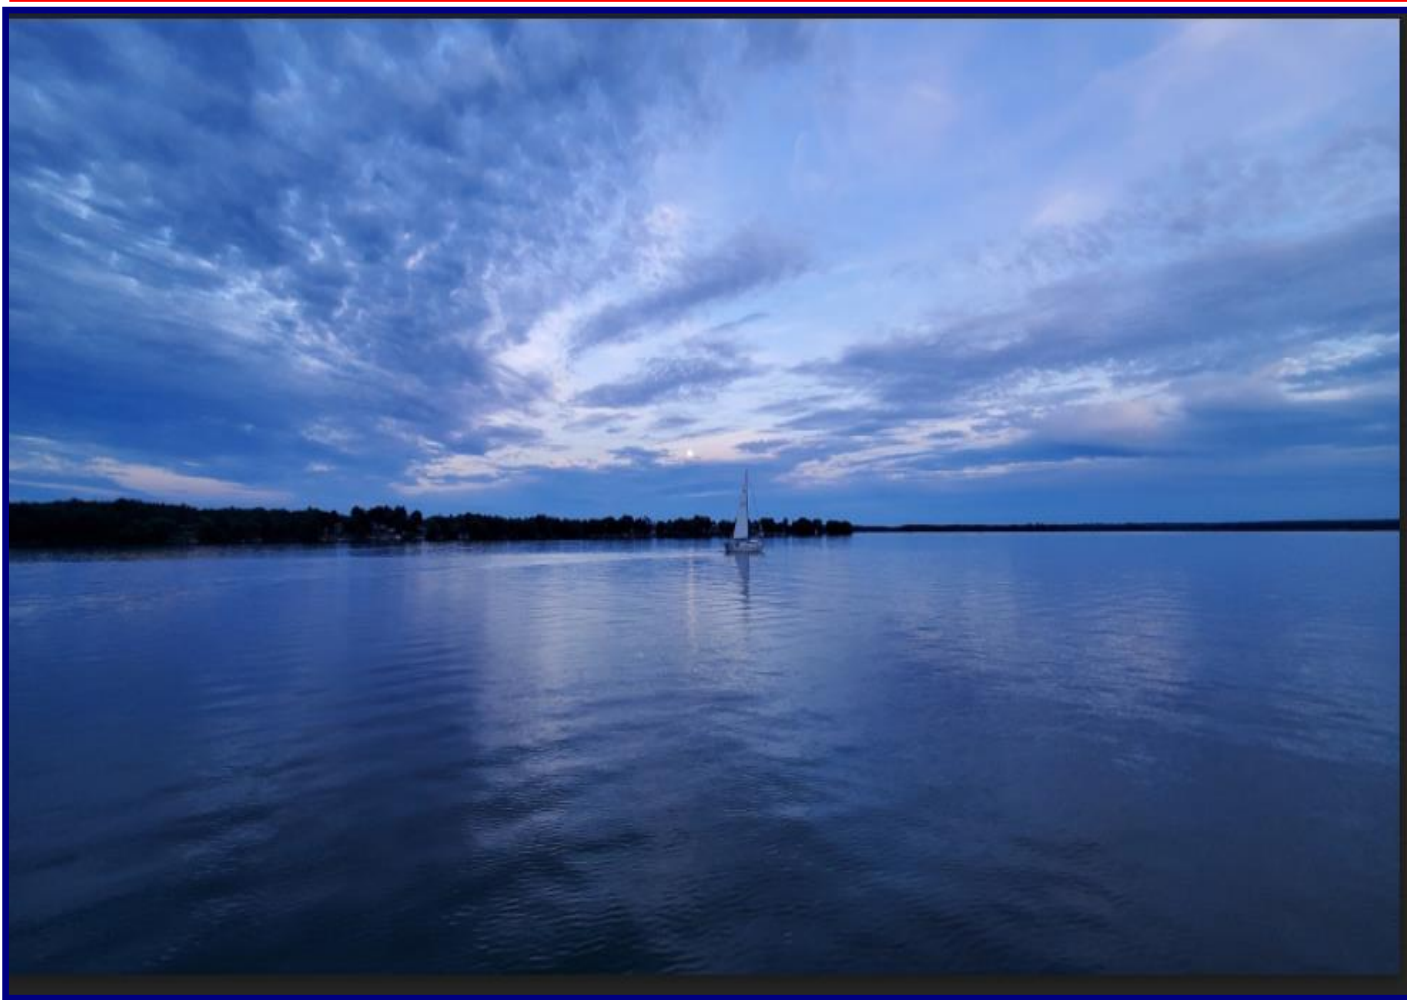

Because in an urgent situation this can be difficult, as was illustrated in the story above, if your radio is old, you may want to consider replacement with a newer model with the Digital Selective Calling (DSC) feature (read about it!). The radio can be linked via a simple cable (I wouldn't be surprised if it can now link with Bluetooth or some other such tech wizardry) to your GPS. In an emergency you flip up a red cover, hold the red button for a few seconds (as per the instruction manual) and your vessel identification and location are sent automatically to a CG listening station. Not much drama there.

I replaced my boat's old Marine Band VHF radio (transistors!!!) in 2010 with one I bought on sale at the Toronto Boat Show (does anyone remember Boat Shows?). It was surprisingly cheap.

And I test it every year, at least once.

It's up to you.

Larry

## Very Local History Matters . . .

by Dan Sundy

[history@dalhousieyachtclub.com](mailto:history@dalhousieyachtclub.com)

The most northerly lighthouse was built in 1878 for the 3rd canal. It is the current structure on the end of the east pier. The more southerly building was the lighthouse constructed at the end of the 2nd canal pier. (Piers were extended 300 feet for 3rd canal,) the two lighthouses gave a 300 feet light range. This picture is pre 1898 as in that year the southerly lighthouse burned, and was replaced with the current inner lighthouse on land by the marina. This increased the length of the light range from 300 feet (pre 1898) to 1500 feet.

The ship is the Lakeside.

**MYSTERY** . . . Does anyone know the origins of this anchor which sat in the flower bed between the Harbour Office and the Club's main door? It has been repainted and will be restored to its former position.

### Buy, Sell or Trade

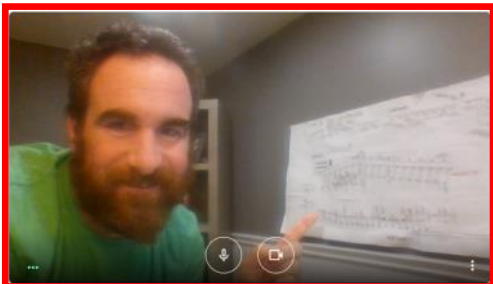

I need a charging station for a handheld

Standard Horizon radio.

(My specific model is HX 100).

**Does anyone have a spare?**

**Please contact Dan Sundy**

## Dock Chair's Report . . .

by Leigh Brown

[docks@dalhousieyachtclub.com](mailto:docks@dalhousieyachtclub.com)

How lucky are we? As DYC members, we have one of the most beautiful clubs on Lake Ontario, surrounded by a brand new walking path that stretches the piers on both sides of the harbour. A boom in Condo construction has increased support of local businesses, with new stores and restaurants choosing Port Dalhousie to create the best shopping and dining experiences in the Region. The docks are full of active members with sail and motor boats ready to join club cruises and participate in exciting races. Visitors from other Yacht Clubs around the lake are reserving their spots at the highly recommended Dalhousie Yacht Club.

~~~ OH WAIT ~~~ this is the September 2020 Breeze, not the 2022 Breeze. Well, at least now it's clear what's in store for Dalhousie Yacht Club in the very near future.

The club has a healthy number of New Boating and Social Members joining this year and the docks are showing significant growth in the number of slip assignments from the start of the year. This trend is expected to continue as more Niagara residents and Ontarians living around the Niagara Region realize how amazing it is to be on the lake at Dalhousie Yacht Club. Some benefits noted from our new members include:

- Not having to drive up the 400 in traffic to get to a cottage, a drive that should be 2.5 hours, but, with the big city traffic is more like 5 hours. FIVE... Seriously if a sailboat can get there faster why bother right? Plus the view from the water...
- Again, the view. A boat can be taken to endless clubs, covers and anchorages around the lake with so many things to see.
- Cost. A cottage on the lake can cost in the millions. Although you could spend millions on a boat, it can be much more attainable for a young family to get into a boat and call it their little cottage on the water, for a fraction of the price.
- Maintenance opening and closing the cottage. Okay, so boats need maintenance too and need to be "opened" and "closed," but how nice is it to get to "her" usually within minutes to show her some love.
- Socializing. The relationships created through, cruises, social events at the club and fun races give boaters old and new, a sense of belonging. It is an opportunity for teaching. It is an opportunity to learn. This truly creates an opportunity to create a boating family. Even though these are just some of the key benefits being talked about, let's not forget how COVID-19 has restricted travel abroad with more families opting to have something local to enjoy. I certainly appreciated having Grace Blue to travel the 1000 Islands this summer. More to come on that adventure . . .

2020 has seen a lot of new boats in slips with smiling eyes behind masks walking the docks. DYC has grown in members and the club has been fortunate enough to welcome visitors from around the lake. Remember to show that DYC spirit and say hello, wave, offer help and most importantly be proud of the club. 2022 promises to make us the envy of all boating communities around the lake. Stay safe!

Leigh and Leah Brown

## A DYC Warm Welcome Goes Out To Many New Members

### Complimentary Social Members:

Joel Caron

Debbie + Ron Critchley

Christine + Paul Graham

Shannon + Michael Passero

Debra Tout-Haberer + Michael Haberer

### Full Boating Members:

Don + Maria Evans

Connie Jackson + Michael Pulo

Chris + Sunni Ridabock

### Dinghy Members:

James Desjardins + Karrie Porter

We look forward to meeting with you on the patio, on the dock and on the water!

## WELCOME TO DYC!

### ‘Round the Marks Fun Racing 2020 ...

by Len McIntosh

A reminder that September Tuesday evening “Round the Marks Fun Race” starts are at 6:00 pm, due to shortened daylight hours. This Sunday's Distance Race #3 to NOTL is an 11:00 start. Remember to send in your time.

<https://www.dalhousieyachtclub.com/racing>

Hope to see you out there!

VHF RACE COMMUNICATION CHANNEL 71

Len

## September Sail Past . . . Parade into the Harbour

Saturday, September 19th

**Meet on the Water at 3 p.m. for the Blessing of the Boats**

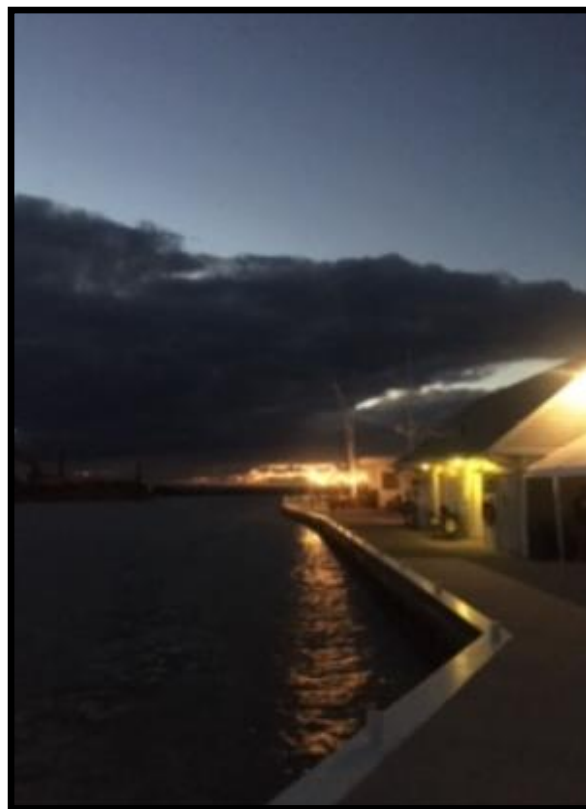

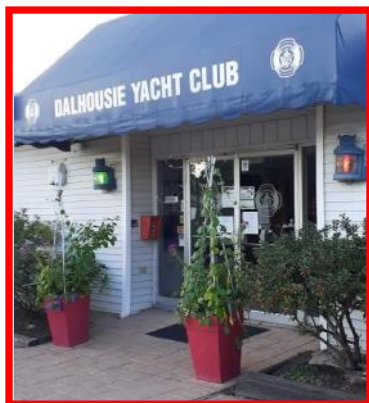

**The Patio will be open for our Non-Boating Members to watch the procession**

The Sunset Dining Patio is offering 2 dinner seating's,  
**make your reservation early for guaranteed dining.**

[reservations@dalhousieyachtclub.com](mailto:reservations@dalhousieyachtclub.com)

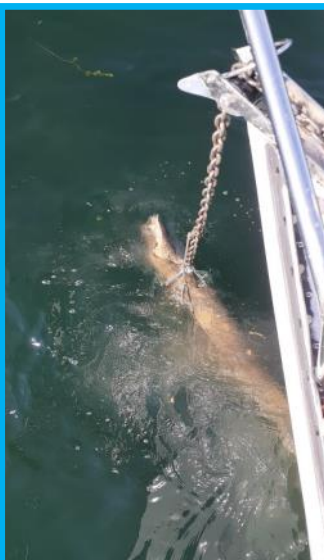

or 905 - 934 - 8325 ext. 22

We look forward to seeing you and celebrating  
one very unique season!

## Around and About the Lake . . . And Down the River

## DECK RULES

~ take a nap ~ soak up the sun ~ read a book ~ share stories ~ sip a drink ~ relax ~

# JÖBJAR

### Members' Job Jar List ~ How Can You Help Out?

Take a look at some of the tasks needing completion, then ask the coordinator how you can help. Many hands make light work.

#### South A Dock ~ light boxes

- \* Replace lenses + sensors. Please see Tom Schulz for supplies and instructions

#### Replace Clubhouse Rooftop Railing

- \* Contact Richard Nowina for details

#### Website

- \* Keep it fresh and up to date, please contact Tracey Cookson for additional information

Remember, this is your club. It will be what we make of it.

We want to make it great!

## Gardening Around DYC ~ Thanks to Your Loving Care

Our gardens, hanging plants and planters, on both sides of the channel are stunning!

Many thanks to our gardening, weeding and watering members and staff.

## Gordon Andrew Memorial Tree Planting

Saturday, September 26 ~ 3 p.m.

Meet between the DYC  
Clubhouse + Harbour Office

### From the Editor's Desk . . .

[breeze@dalhousieyachtclub.com](mailto:breeze@dalhousieyachtclub.com)

REMEMBER 6' APART OR MASK UP.

**COVID is still out there.**

### KEEP DYC HEALTHY!

We are in this together.

Any suggestions, ideas, errors, omissions  
or pictures to share with The BREEZE?

Send them along!

*Patti-jo*

Many thanks goes out to those of you who  
have sent in or posted pictures.

Dave, Jill, Leigh, Len + his daughter,  
Lew, Nancy, Tracey and Tracy.

It is wonderful to have your additions in  
The Breeze.

**Come Join Us On the Sunset Dining Dockside Patio!**

**Thursdays 5 -9**

**Fridays 5 -10**

**Saturdays 5 -10**

**Sundays 2 -7**

# Sunset Patio Dining

**WE ARE OPEN! LOOKING FORWARD TO SEEING YOU!**

**Please contact Edward or Emily**

**[reservations@dalhousieyachtclub.com](mailto:reservations@dalhousieyachtclub.com)**

**905-934- 8325 ext. 22**
